A TRIBUTE TO THE DANIHERS

Terry, Neale, Anthony and Chris made VFL/AFL history on Saturday 1 September, 1990 when the four brothers from Ungarie, NSW, took the field for Essendon together in round 22 of the VFL against St Kilda. This was the first and only time in the illustrious history of the VFL/AFL that four brothers played on the same team in the same game.

The four brothers also played together for New South Wales in a state game against Victoria (which they won).

Together the four brothers hold the VFL/AFL record for the total number of games played by a generation of brothers appearing in 752 games in total.

The sons of Jim and Edna Daniher, the boys are four of eleven siblings who were proudly raised in Ungarie where the Daniher legend remains to this day.

Contractor Database

The screenshot displays the Bland Shire Council Contractor Database web application. The interface features a top navigation bar with links for Home, Create, External Data, and Database Tools. Below this, a secondary menu bar includes Menu: Main Menu, Menu: Run Reports Menu (which is currently selected), and Main Admin Menu. The main content area has a green header with the Bland Shire Council logo and the text "Bland Shire Council". Below the header, the section "Contractor Details Database" is visible, followed by a "Run Reports" section. This section is divided into three columns: "Enter Parameters", "Expiry Dates", and "Show All". The "Enter Parameters" column contains buttons for "Contractors Full Details", "Contractor Details List", "Contractor Insurance Details", "Employees", "Contracts Completed", "Business Types", "Contractor Plant Items", and a red button for "Run Contractor Rates Reports". The "Expiry Dates" column has buttons for "Public Liability", "Professional Indemnity", "Workers Comp", and a "Non Compliance" section with sub-sections for "Contractors" (Non Sole Trader Insurance, Sole Trader Insurance, WHS Documents) and "Employees" (Bland Shire WHS Induction, White Card), followed by a "Plant" section with "Plant Registration" and "Plant Insurance". The "Show All" column contains buttons for "Contractors Full Details", "Contractor Details List", "Contractors Insurance Details", "Employees", "Contracts Completed", "Business Types", "Contractor Plant Items", "Non Active Contractors", and a red button for "Return to Main Menu". The Bland Shire Council logo is also present in the bottom right corner.

Stormwater Harvesting Strategies

- Enlarging existing stormwater catchment dams & construction of new ones
- Installation of water tanks & individual pumping systems to manage the water
- Maximising the use of captured stormwater and recycled water for irrigation as a means of drought proofing for sustainable water management
- Reduction in the consumption of potable water for irrigation
- Don't have the luxury of rivers, creeks or bores

*"I have been asked by our bus driver, Nancy, to convey her thanks to you for sending out a 'Mini Team' to repair the big holes in the Wilga Plains Road, her bus run. They have done a good job, it makes a big difference to her trip and quite often a bit of 'patch up' is all that is necessary on a lot of occasions. Once again, THANK YOU a happy driver makes a big difference to running a bus business and protects our investments."
Kaye Wales - Wales Busses Ungarie.*

"We would just like to pass on our thanks to everyone who did a great job on fixing up some of the roads on our bus run. The work is fantastic and we really appreciate it! Would you please pass this on to all the relevant people involved?" Kind Regards, Damien & Corinne Harper

*"Congratulations on getting the graders moving again, although it has taken me some years to convince Council that a proper maintenance grading programme would be very beneficial to the farmers in the shire who have to constantly drive on our dirt roads. Some people just whinge all the time and never remember to give praise where it is due, but I'm not one of those people."
