

## Increasing Resilience to Climate Change - Round 3

Proponent	Partners	Description	Funding
Canberra Region Joint Organisation (CRJO)	CRJO members Insurance Council of Australia Resilience NSW Edge Environment Minderoo Foundation	The <b>Canberra Region Climate Resilient Housing Toolkit</b> will provide guidance to homeowners on action they can take to protect their homes from bushfires, floods and other natural hazards. The Toolkit will enable a consistent way for the region's 11 NSW councils, ACT Government and East Gippsland Council to work with their communities to build resilience and reduce insurance liability for existing homes.	\$79,500
Hunter Joint Organisation	Central Coast Council Lake Macquarie City Council Maitland City Council Mid Coast Council City of Newcastle Port Stephens Council DPIE Social Insights Research The University of Newcastle	<b>Act now on Adaptation: Coastal Wise Communities (ACT NOW)</b> will deliver coastal adaptation communication and engagement resources for the Hunter and Central Coast region that embeds climate change resilience into the Integrated Planning and Reporting (IP&R) framework of councils.	\$120,000
Nambucca Valley Council		<b>Filling the tanks – Improving Rural Resilience to Bushfire threats in the Nambucca Valley</b> will fund a strategically located water filling station using a web - based system. This system will provide rural residents and emergency services access to life saving supplies of water in the event rain tank supplies are depleted or power failure affects the ability to pump water.	\$30,000
Murray River Council	Western Murray Land Improvement Group (WMLIG)	<b>Building our Community in Advance</b> will develop and implement an innovative community engagement program for farmers and small business communities to encourage adaptive land management and agricultural practices. This work will support communities build resilience to the increasing frequency of droughts, heatwaves and other adverse conditions.	\$95,000

Proponent	Partners	Description	Funding
Orange City Council	Central NSW Councils Joint Organisation Constructive Energy Pty Ltd	The <b>Orange/Central NSW Pre-Development Climate Preparedness Information Program</b> will engage the local community on how to adapt new homes and developments to climate change at the pre-development stage based on research specific to the Orange region. Measures for existing homes will also be included.	\$42,200
Mid North Coast Joint Organisation (MNCJO) of Councils	Bellingen Shire Council, Kempsey Shire Council Port Macquarie-Hastings Council Charles Sturt University (CSU)	The <b>Mid North Coast Resilience Partnership</b> is a collaboration with Charles Sturt University to provide thirty community scholarships to build leadership skills and develop and implement a key resilience project in each MNCJO member council. A learning tool kit will also be prepared to build leadership in communities and partnerships with their councils.	\$73,000
Wagga Wagga City Council		<b>Branching Out: Wagga's Plan to Grow Urban Resilience</b> will overlay aerial vegetation photos and heat maps with areas of socio-economic disadvantage to inform Council priorities for a new urban canopy strategy. The first tranche of trees will be planted and long-term targets for canopy coverage rates will be established.	\$72,000
Wollondilly Shire Council	Western Parkland City Councils (Blue Mountains, Camden, Campbelltown, Fairfield, Hawkesbury, Liverpool, Penrith and Wollondilly) Western Sydney Health Alliance Climate and Health Alliance	<b>Local council guidance for climate, health and well-being in the Western Parkland City (WPC)</b> will develop practical guidance and resources for WPC local councils about the health effects of climate impacts following extensive consultation. The guidelines will be tested before being adopted into the organisational, local recovery and resilience plans by WPC member councils.	\$100,000
TOTAL			\$611,700
