Alcohol and Other Drugs Procedure

Implementation date: 20 April 2022

Review date: 20 April 2025

This procedure shall be reviewed:

- Every three (3) years from the date of implementation, or
- Immediately if any provision is contrary to law.

Foreword

This document is a draft document to be used as a resource for NSW councils who wish to implement an Alcohol and Other Drugs Policy and Procedure.

This Alcohol and other Drug Procedure has been developed by the USU, LGEA, depa and LGNSW ('the industry parties') to be used as a resource by the Local Government Industry in NSW. The industry parties have committed to reviewing this Procedure in April 2025.

1. Introduction

Employers have a duty to ensure the health, safety and welfare of their workers and other people in the workplace (Section 19, Work Health and Safety Act 2011 (NSW)). Workers have a duty to take reasonable care for their own health and safety, as well as for the health and safety of other people in the workplace and to co-operate with their employer in providing a safe working environment (Section 28, Work Health and Safety Act 2011 (NSW)).

It is recognised that there may be reasons why employees feel uncomfortable about nominating other employees whose behaviour is risky to themselves and others. This Council supports a rehabilitative and benign approach to managing these issues, rather than a punitive approach.

Workers are obliged to present themselves for work in a fit state so that in carrying out their work activities they do not expose themselves, their co-workers or other people in the workplace to unnecessary risks to health and safety.

The welfare of the individual and the health and safety of other people in the workplace needs to be considered.

There are penalties, under legislation for employers and through the application of disciplinary procedures in the [Insert Award or Agreement Title], for workers who fail to take their work health and safety responsibilities seriously.

2. Scope

This Procedure applies to all Council workers, temporary staff, contractors, workers of contractors and volunteers in the workplace.

3. Objective

The objective of this Procedure is to deal with Alcohol and other Drugs and their effect on workers' fitness for work whilst performing duties at Council (the "Council") and to ensure that Council has a mechanism to appropriately manage the misuse of alcohol and other drugs in the workplace through training, education and where required, rehabilitation.

It is the goal of Council to:

- eliminate the risks associated with the misuse of alcohol and other drugs, thereby providing a safer working environment;
- to reduce the risks of alcohol and other drugs impairment in the workplace; and
- to promote a supportive culture that encourages a co-operative approach between management and workers and builds on the shared interest in workplace health and safety.

5. Definitions

BAC means blood alcohol content.

Certified Laboratory means a laboratory which meets minimum Australian performance standards set by an accrediting agency being the National Australian Testing Authority (NATA).

Confirmatory Test means a second analytical test performed to identify the presence of alcohol and/or other drugs in accordance with Australian Standard AS3547:2019 and AS4760:2019.

The confirmatory test is a retest of a second sample from the original sample taken at the original collection time. Nothing in this Procedure shall prevent the carrying out of a second independent test, by a method chosen by the person who tested non negative.

For drugs this means any confirmatory sample returning a result at, or in excess of, the levels contained in AS4760: 2019.

For alcohol this means any confirmatory sample returning a result at, or in excess of, the levels prescribed in NSW for the operation of motor vehicles. NSW has three blood alcohol content limits: zero, >0.02 grams per 100 Millilitres and >0.05 grams per 100 Millilitres.

The limit which applies to workers at Council is dependent on the category of the worker's licence and the type of vehicle the worker is required to operate.

Zero applies to:

ALL learner drivers.

ALL Provisional 1 drivers.

ALL Provisional 2 drivers.

ALL visiting drivers holding an overseas or interstate learner, provisional or equivalent licence.

0.02 applies to:

Drivers of vehicles of "gross vehicle mass" greater than 13.9 tonnes.

Drivers of vehicles carrying dangerous goods.

Drivers of public vehicles such as taxi or bus drivers.

0.05 applies to:

ALL other licences (including overseas and interstate licence holders) not subject to a 0.02 or zero limit.

Any employee who is not required to drive as part of their role or who is unlicensed is required to meet the .05 limit whilst at work for the purposes of this procedure.

Council means [Insert Council Name] ABN [Insert ABN].

Employer has the same meaning as a person conducting a business or undertaking under Section 5 of the Work Health and Safety Act 2011.

Reasonable Suspicion Procedure refers to indicators of impairment and includes the observable indicators of impairment contained in <u>Appendix 1</u> and <u>Appendix 2</u> of this Procedure which are used to determine whether a reasonable suspicion exists that a person is impaired by alcohol and/or other drugs.

Post Reportable Incident is defined as any accident or event that occurs in the course of work which results in personal injury, vehicle damage, property damage and/or any incident that has the potential for significant risk of harm or injury to persons or equipment.

Responsible person means a worker who is suitably trained and can assess, in accordance with Australian Standards, the fitness for work of persons in the workplace.

Initial Testing is defined as a valid method used to exclude the presence of alcohol and/or a drug or a class of drugs as provided by Australian Standard AS3547:2019 and AS4760:2019.

Limited Random Testing means a period of random testing of a worker in the case where the worker either:

- (a) fails a drug or alcohol test; and/or
- (b) unreasonably refused a drug or alcohol test as a result of a reportable incident or random testing program; and/or
- (c) following a determination of impairment as a result of an impairment assessment.

Note; this period is not inclusive of any total leave taken in excess of 10 working days.

Non-Negative Result means an initial positive test as yet unconfirmed by confirmatory testing by an accredited tester.

Negative Result means a result at or below the nominated or target concentration used for initial testing.

Random Testing means a **structured** program of randomly testing workers across the entire workforce in accordance with the standards as provided by Australian Standard AS3547:2019 and AS4760:2019

Tester means a person authorised by Council and trained to conduct breath analysis and Oral Swab testing in accordance with Australian Standard AS3547:2019 and AS4760:2019.

Worker has the same meaning as Worker under Section 7 of the Work Health and Safety Act 2011 (NSW), being:

- (a) an employee, or
- (b) a contractor or subcontractor, or

- (c) an employee of a contractor or subcontractor, or
- (d) an employee of a labour hire company who has been assigned to work in the person's business or undertaking, or
- (e) an outworker, or
- (f) an apprentice or trainee, or
- (g) a student gaining work experience, or
- (h) a volunteer, or
- (i) a person of a prescribed class.

Workplace means a place where work is carried out for a business or undertaking and includes any place where a worker goes, or is likely to be, while at work. Place includes:

- (a) a vehicle, vessel, aircraft or other mobile structure, and
- (b) any waters and any installation on land, on the bed of any waters or floating on any waters, in accordance with Section 8 of the Work Health and Safety Act 2011 (NSW).

6. Objectives

The objectives of the Alcohol and Other Drugs Policy and Procedure are to:

- Create a safe and healthy work environment for all workers, contractors and visitors which is free from the hazards associated with the inappropriate use of alcohol and/or other drugs.
- Create a supportive workplace culture that acknowledges and encourages employees to accept individual responsibility for workplace health and safety and to acknowledge that participating in the nominating of employees who may be regarded as a risk to other workers is appropriate, encouraged by legislative obligations in the WHS Act and is supported by the Council and the unions.
- Provide support for workers who may have difficulty addressing alcohol and/or drug related issues.
- Ensure rehabilitation program is provided for workers who may have difficulty addressing alcohol and/or drug related issues.
- Foster an attitude and culture amongst all workers that it is not acceptable to come to work under the influence of alcohol and/or any other drug that will prevent them from performing their duties in a safe manner.
- Ensure the Council meets its legal obligations by providing a safe working environment for its workers and the general public.
- If any disciplinary action is required, ensure all disciplinary processes are consistently managed in accordance with the [Insert Award or Agreement Name] and any subsequent Award or Agreement.

7. Confidentiality

The Council will endeavour to ensure that the highest levels of confidentiality are maintained in the application of this procedure. The following minimum conditions shall apply:

- All testing will be conducted in a private location that maintains the privacy and dignity of the individual.
- All testing will be conducted by trained staff and/or accredited providers in accordance with Australian Standards.¹
- Workers who record a non-negative result will be treated at all times in a respectful and nonjudgemental manner by all involved in the management of the matter.
- Council records pertaining to test results shall be regarded as confidential information and
 use/access/dissemination of the results shall be restricted to those who have a genuine
 requirement to access the confidential results of the drug and/or alcohol test. No information
 related to drug and/or alcohol testing shall be disclosed to any person or persons other than
 those properly authorised officers of the Council and authorised worker representative/s.
- The General Manager is authorised under this procedure to access, delegate and assign authority for access and use of the information obtained under this procedure, including but not limited to authorised government agencies, insurers (for claims submissions, where applicable).
- Where the General Manager has authorised the release of confidential test results to external parties who are legally able to access this information, the worker/s that are involved are to be notified in writing detailing:
 - a. who the information will be released to;
 - b. when and for what purposes the information will be released;

A copy of all information released is to be provided to the worker/s involved with this notification. The notification must be given to the workers prior to information being released to the external parties.

8. Duty of Care, Responsibilities and Obligations

Under this procedure the duty of care, responsibilities and obligations of workers, the Council and others at workplace are derived from obligations under the Work Health and Safety Act 2011 (NSW) and specified responsibilities detailed in this procedure.

It is recognised that there may be reasons why employees feel uncomfortable about nominating other employees whose behaviour is risky to themselves and others. This Council supports a rehabilitative and benign approach to managing these issues, rather than a punitive approach.

8.1 Employer

Under Section 19 of the Work Health and Safety Act 2011 (NSW), employers must provide a safe and healthy workplace for workers or other persons by ensuring:

- safe systems of work;
- a safe work environment;
- accommodation for workers, if provided, is appropriate;
- safe use of plant, structures and substances;
- facilities for the welfare of workers are adequate;
- notification and recording of workplace incidents;
- adequate information, training, instruction and supervision is given;
- compliance with the requirements under the work health and safety regulation;
- effective systems are in place for monitoring the health of workers and workplace conditions.

8.2 Workers

<u>Under Section 28 of the Work Health and Safety Act 2011 (NSW)</u>, a worker must, while at work:

- •take reasonable care for their own health and safety
- •take reasonable care for the health and safety of others
- comply with any reasonable instruction by the employer
- •cooperate with any reasonable policies and procedures of the PCBU.

8.3 Other Persons

<u>Under Section 29 of the Work Health and Safety Act 2011 (NSW)</u>, a person at a workplace must:

- take reasonable care for his or her own health and safety; and
- take reasonable care that his or her acts or omissions do not adversely affect the health and safety of other persons; and
- comply, so far as the person is reasonably able, with any reasonable instruction that is given by the employer to allow the employer to comply with the Work Health and Safety Act 2011 (NSW).

8.4 Supervisor and Worker Obligations

It is the responsibility of all Supervisors and workers to ensure that no worker commences or continues duty if the worker appears to be affected by alcohol, illegal or legal drugs, or other substances which may reasonably be considered to lead to a safety risk or an inability to fulfil the requirements of the position or are not fit to work.

Workers are obliged to present for work in a fit state, so that in carrying out normal work activities they do not:

- expose themselves or their co-workers. visitors and/or the public to unnecessary risks to health or safety, and/or;
- inhibit their ability to fulfil the requirements of the position, and/or;
- present a poor public image of Council, and/or;
- cause damage to property and/or equipment.

The worker is responsible for any criminal penalty which results from being under the influence of drugs or alcohol in the workplace.

9. Consultation Communication and Information

Council will ensure that the development of the Alcohol and Other Drugs Policy and Procedure occurs in consultation with the unions, all stakeholders including the Consultative Committee and Work Health and Safety Committee, which may make recommendations based on consensus.

Other communication processes in the workplace may include toolbox meetings, newsletters, Union meetings and the use of communication boards.

10. Education and Training

Council recognises that it is important to develop a workplace culture through education, where workers are prepared to encourage each other to be safe and not under the influence or impaired at work. Council will provide this education and awareness information to its workers at all levels.

Existing workers will receive education in this policy and the accompanying procedure within 3 months of its official adoption by Council. Contractors and volunteers will also be informed of the requirements within this timeframe.

New workers will receive education at induction on commencement with Council.

Council will also provide practical guidelines and training to Managers and Supervisors for dealing with persons who may be affected by alcohol or other drugs, including the correct application of disciplinary sanctions and the need for maintaining strict confidentiality.

11. Employee Assistance and Information

If a worker has issues of concern including those related to alcohol and other drugs Council encourages workers to make use of the Employee Assistance program (EAP) and seek appropriate support and assistance. The service is provided on a confidential basis.

Council utilises the services of [Insert EAP Provider] to provide their EAP Program. Services are free to staff and their immediate family and are confidential. To contact [Insert EAP Provider] call [EAP Phone Number].

Information about the effects of alcohol and other drugs and the EAP is available from the Human Resources Unit and Union Representatives or through the staff intranet.

12. Alcohol and Other Drugs Testing Program

Council has established a program of testing that will:

- provide people with information about the effects of alcohol and other drugs
- discourage people from coming to work where they may be unfit for work because of alcohol
 or other drugs; and
- assist in identifying people who may be unfit for work.

The options are:

- voluntary, and
- post reportable incident, and
- reasonable suspicion; and
- random; and

 Targeted random (for workers who have given a confirmed positive result for alcohol and other drugs).

A business card detailing Council's contact details and outlining the drugs which may be detected during drug testing is available for each employee to assist them with discussing the effects of drugs on their fitness for work with their healthcare providers. A copy of the card is contained in Appendix 4 of this procedure.

12.1 Voluntary Testing

Voluntary testing provides workers with the ability to volunteer to be tested either for drugs and/or alcohol.

Workers who engage in voluntary testing who produce a non-negative confirmatory test confirmed will be expected to actively participate in a structured rehabilitation program in accordance with the limited random testing process.

Voluntary testing returning non-negative confirmatory test results will be managed on a case-bycase basis and Council may explore opportunities available within Council for suitable duties to be actively sought for staff during their rehabilitation program.

Such opportunities must be by agreement and in consultation with the affected worker and their Union or other representative.

Immunity for disclosure from disciplinary action will be provided to the worker on the condition that they comply with the rehabilitation program and do not report for work and commence work in an unfit state in future.

These workers should request a voluntary or self-test if in doubt, prior to commencing duties.

12.2 Post Reportable Incident Testing

After a reportable incident at the workplace, the Supervisor in consultation with the Work Health and Safety Representative may require a worker to undergo an initial alcohol or other drug test. For the purpose of Post Incident Testing, a reportable incident is defined as any accident or event that occurs in the course of work which results in personal injury, vehicle damage, property damage and/or any incident that has the potential for significant risk of harm or injury to persons or equipment.

Post Reportable Incident Testing will take place no later than 12 hours after the incident where a reportable incident falls within the following criteria. If an employee fails to report an incident, as defined, immediately as required and testing is unable to be undertaken within 12 hours as a result of this failure, the testing will be conducted under Reasonable Suspicion.

Incident Type	Definition	Excluding
Injury	Any injury caused during the course of work for which the worker requires treatment over and above first aid only treatment.	 the incident was not within the

Incident Type	Definition	Excluding
Vehicle	Any work-related incident involving a Council vehicle (vehicle includes any type of road registrable plant) where damage to the vehicle and/or	the correct procedures were followed • first aid treatment only is required unless the worker develops a pattern of reporting first aid only injuries which subsequently require medical treatment • journey accidents (before the start of the shift or after the shift has finished) • a member of the NSW Police Force attends an accident site, irrespective of whether or not the worker is tested for alcohol or other drugs by the police officer • the injury is hearing loss. skin cancer or other occupationally induced disease • the injury is of a diagnosable psychological condition. Testing will not be undertaken by Council where it is identified: • that the incident was not within the control of the worker involved • journey accidents (before the start of
	third-party property is sustained	 flourney accidents (before the start of the shift or after the shift has finished) minor damage where the worker is not at fault (e.g. tail light, less than \$2,000, minor scratch) unless a pattern develops of minor incidents involving a specific worker a member of the NSW Police Force attends an accident site, irrespective of whether or not the worker is tested for alcohol or other drugs by the police officer.
Property Damage	Any incident resulting in equipment, property or environmental damage	Testing will not be undertaken whereby Council where it is identified: • that the incident was not within the control of the worker involved and the correct procedures were followed • minor damage where the worker is not at fault (e.g. tail light, less than \$2,000, minor scratch) unless a pattern develops of minor incidents involving a specific worker • a member of the NSW Police Force attends an accident site, irrespective of whether or not the worker is tested for alcohol or other drugs by the police officer.
Any incident that has the potential for significant risk of harm or injury	Dangerous occurrences or behaviour that could have resulted in injury or property damage	Testing will not be undertaken by Council where it is identified: • that the incident was not within the control of the worker involved and

Incident Type	Definition	Excluding
to persons or equipment		the correct procedures were followed the potential was for minor damage where the worker is not at fault (e.g. tail light, less than \$2,000, minor scratch) unless a pattern develops of minor incidents involving a specific worker. first aid treatment only is likely to have been required

Where an incident occurs that falls within the definitions, all workers directly involved in the incident may be tested.

Where a subsequent investigation has identified that the true cause or causes of an incident where not properly reported and fell into the category requiring a test, then a drug and alcohol test will be organised. Late or incorrect reporting of incidents will be investigated, and similar action will be undertaken.

12.2.1 Worker and Supervisor Responsibility

The worker(s) concerned will notify the reportable incident in accordance with the Incident Reporting Procedure of Council. This includes notifying their Supervisor when an incident occurs immediately, or as soon as reasonably possible with no unnecessary delay.

If the incident falls within the defined criteria for post reportable incident testing, then they are to undertake a post incident test.

If the incident is excluded by the defined criteria for post reportable incident testing, the Supervisor must ask the worker if they have consumed any drugs and/or alcohol within the past 12 hours, or if they believe that any other worker involved in the incident may be impaired by drugs or alcohol. If the worker indicates they have taken drugs and/or consumed alcohol, or believe that they or another worker involved, are impaired in any way, they will remain where they are and their Supervisor, or other nominated management representative, and/or Responsible Person will attend the scene and arrange for an alcohol and other drug test to occur, irrespective of whether or not it is required under the criteria nominated in the table in 12.2.

Post incident testing should be conducted as soon as possible and when it is safe to do so, within 12 hours.

Incidents that occur as the person travels to a designated Council location to commence their work shift or as the person is travelling to another location once their work shift has been completed will not be tested. Please note that where an incident occurs that meets the post reportable incident definitions when travelling between Council work sites, this will require testing, unless the police are involved in dealing with the incident.

This test should be undertaken as soon as possible after the incident has occurred.

In the absence of the Work Health and Safety Manager, the Supervisor must consult with the Human Resources Manager as to whether a test is required.

Testing of apprentices, trainees or work experience persons under the age of 18 is to be referred to Human Resources Unit and an appropriate parent or guardian informed that testing is to take place.

An injured person who requires immediate medical attention may only be tested when it is appropriate. This will be determined in consultation with suitably trained medical personnel. In such cases, testing procedures other than breath or saliva may be used in accordance with the appropriate Australian Standards.

12.3 Fitness for Work

If a person is not deemed fit for work following a visual assessment in accordance with the Reasonable Suspicion Procedure outlined in this document, the worker will be requested to undergo an initial alcohol and/or drug test in accordance with the relevant Australian Standards.

If a worker refuses to undergo an initial test without an appropriate reason, then the worker may be stood down until they can provide medical evidence to justify their fitness for work, or they undertake the test.

Workers stood down can apply to take paid leave in accordance with the provisions of the relevant Award or Agreement for suspended workers.

12.4 Random

Random testing for alcohol and/or other drugs for Council's workers may be conducted at any time throughout the worker's hours of work (including overtime).

Random testing will be conducted in an appropriate area which contains adequate facilities for testing. The testing will be done privately.

All workers will be eligible for selection for random testing. Workers will be selected for testing by using a simple random selection process, involving the selection of a worker, location or group of workers located in a specific area. Council's independent testing provider will provide advice on and assist with the random selection process.

Workers who are selected will be required to present themselves for testing immediately.

13. Reasonable Suspicion Procedure

The following procedure is for use by appropriately trained staff to assess fitness for work. These trained Council staff members are referred to as 'responsible persons'.

The guidelines are to be applied fairly, objectively and equitably. It is important that responsible persons act in an ethical and professional manner and with consistency across all workers and on each occasion, they are required to conduct a fitness for work assessment.

13.1 When and how should this procedure be used?

This procedure is for use when a responsible person reasonably suspects that a worker is impaired by alcohol and/or other drugs in the workplace. Reasonable suspicion of impairment **must** be based on the list of objective indicators set out at <u>Appendix 1</u>.

If another staff member is concerned that a person on Council premises, or worksites, is impaired, they should report their suspicion to their Manager or a responsible person. The responsibility to make a formal assessment of a person's impairment remains with the responsible persons.

The basis for this procedure is a test of reasonable suspicion that a worker is impaired by alcohol and/or other drugs. This means a suspicion that is reasonably held (using the observable indicators of impairment set out in <u>Appendix 1</u>) by two responsible persons.

There is an obligation on management to be aware that changes in the normal appearance or behaviour of a person may indicate that the person is impaired by drugs or alcohol. It is not the responsibility of Managers, Supervisors or worker representatives to diagnose personal or health problems or determine what the cause of impairment may be.

Assessment of a worker's impairment is to be made in accordance with the list of observable indicators (<u>Appendix 1</u>) and is to be made in the context of **changes** to a worker's behaviour. The assessment is **not** to be made on assumptions based on a worker's previous behaviour or work record.

At least one (1) of the *physical indicators* in <u>Appendix 1</u> must be satisfied and agreed between the responsible persons for reasonable suspicion to be established. Emotional effects (as contained in the second part of the table) should **not** be used as indicators of reasonable suspicion but may be recorded as additional information on the relevant records.

13.2 Consulting with the worker

The responsible persons are to request a discussion with the worker in a private location away from other workers, where possible. The worker should be given an opportunity to have a Union delegate or other person attend the discussion. The privacy of the worker is a priority at all times.

The responsible person should use wording such as:

"I am concerned that you are behaving unusually today because I have observed [list indicators forming basis of reasonable suspicion]. Is there a reason for this?"

Workers should be clearly informed by the responsible persons of the indicator or indicators upon which reasonable suspicion was based.

Responsible persons should speak assertively. Judgemental or confrontational language is not to be used and debate is not to be entered into with the worker.

13.3 Mitigating Factors

Mitigation factors are to be taken into consideration.

The worker is to be given an opportunity to explain their behaviour. A person may appear to be impaired from alcohol or other drugs but not necessarily have taken any such substances. For example, the worker may be suffering the side effects of medication prescribed by their treating

doctor or suffering from sleep deprivation because of a personal trauma or concern. Such a situation is a *mitigating factor* for the purposes of this policy.

Mitigating factors include things such as, but not limited to,:

- Unexpected impairment from prescription or over the counter medication;
- Side effects from medical treatment or an illness or injury;
- Impairment from fatigue due to a personal trauma, sleep deprivation or other issue; or
- Any similar factor that may cause impairment but is not the result of inappropriate alcohol or other drug consumption.

Where the responsible persons are satisfied that a person is impaired due to a mitigating factor no disciplinary action is to be taken. Repeated presentation at work by a staff member whilst impaired from over-the-counter medication may result in a breach of policy being recorded. Any staff member identified as impaired from this cause is to be reminded that any impairment is a safety risk and that they should not present for work impaired. Where prescribed or over the counter medication is taken, staff are encouraged to notify their Supervisor or Manager in advance. Repeated failure to notify may result in a breach of policy being recorded.

Where the responsible persons assess that the worker is not fit to continue working as a result of the fit for work assessment, they will:

- Direct the worker to take personal or other leave until they are fit to resume duties, or
- Consider short- or long-term alternative duties or other control measures to ensure the workers own safety and the safety of others in the workplace.

14. Testing Procedure - Alcohol

14.1 Conducting the Test

Workers identified to participate in alcohol testing will be required to carry out a supervised alcohol analysis test, using a calibrated breath testing device as per the Australian Standard AS3547:2019-Breath alcohol devices for personal use. The test will be administered by a suitably qualified person.

The worker may have a Union delegate or other representative present during the testing procedure.

Unless medically required, no food or drink is to be consumed for 15 minutes prior to the test. Smoking shall also not be permitted as it may distort the test results.

In the event that a non-negative result is registered, a subsequent test will be carried out 15 minutes after the first test. During this 15-minute period, the worker is to be supervised continually at all times by the person conducting the tests.

Workers with a non-negative second breath analysis test results will be presumed unfit for work and arrangements will be made to transport the person to their home. The worker will then be required to submit for a further test at the first available opportunity on the next working day before being able to resume their normal duties.

Where a person presents a negative result or result lower than the acceptable levels identified in this procedure the person will be permitted to commence or resume their normal duties.

A worker who refuses to undertake an initial and/or second test will be presumed to be, and treated as if, a second non-negative test result was received.

A confirmatory breath test result of equal to the limits set out in 5. Definitions, *Confirmatory Test* of this Procedure, will be determined to be a positive alcohol test result.

15. Testing Procedure – Other Drugs

15.1 Conducting the Test

Workers identified to participate in a drug test will be required to undergo an oral swab test as per the Australian Standard AS4760:2019. The test will be administered by a suitably qualified person.

15.2 Workers with prescribed medication

It is recognised that certain prescription medication may return positive results during testing, and it is the responsibility for any worker, in accordance with Councils work health and safety policies and procedures, to inform their Supervisor if they are taking any prescription medication that may cause impairment whilst at work.

Where practicable, the tester shall provide a list of medications which may provide a false positive result.

Any employee required to undertake drug testing can choose to declare any medication taken immediately prior to the test being conducted or can declare following the initial test if an initial non-negative result is obtained. Such information is to be kept confidential and only to be used in determining if such medication has contributed to or caused a false positive.

If the worker declares the medication prior to any testing being conducted, and the drug class(es) declared is consistent with the drug class(es) detected at the initial screening test, then a fitness for work assessment is to be conducted by two responsible persons.

If the worker is assessed as being unfit to continue in their normal role, temporary re-deployment into alternate suitable duties may be available and Council will actively explore any opportunities that may be available at the time that would be suitable to the individual.

If the person is assessed to be fit for work the person will be permitted to return to work and will be allocated low risk tasks pending the results of the confirmatory test. There may be circumstances as a result of the fit for work assessment, where a worker who normally operates or drives a Council vehicle or heavy/mobile plant will be unable continue to do so.

If the person is assessed to be unsafe to continue to operate vehicle or heave/mobile plant or work in their normal position, then arrangements will be made to transport the person to their home or a safe place unless an acceptable form of public transport is available.

Council may request further information such as a medical certificate from the worker's doctor.

If the person did not declare the medication prior to the testing being conducted, or if the drug class(es) declared is inconsistent with the drug class(es) detected, or there are methamphetamines present, then the person will be assessed as unfit for work and arrangements will be made to transport the person to their home or a safe place.

15.3 Confirmatory Test is Non-Negative and Consistent with Medication

A confirmatory non-negative test result for other drugs will be determined by the Australian Standard AS4760:2019.

The accredited testing laboratory will forward all test results to the Human Resources Manager in writing, identifying the confirmatory test was positive but consistent with medication declared.

If the worker has previously been allocated low risk duties, their fitness for work will be reassessed and the worker will either return to normal duties or remain on low-risk duties for the duration of the use of the medication, providing the duration of the use of the medication is a reasonable timeframe.

If the worker has been stood aside pending the confirmatory test results, the Human Resources Manager will contact them and request that they return to work once results have been received. On return to work, the Human Resources Manager in consultation with either the Supervisor and/or Manager will reassess their suitability for duties.

15.4 Confirmatory Test is Non-Negative and Not Consistent with Medication

Once the accredited testing laboratory has forwarded the results to the Human Resources Manager, the worker and the applicable Manager will be advised in writing that the confirmatory test was non-negative but inconsistent with the medication disclosed by the worker.

The letter of confirmation forwarded by Council to the worker confirming the test result will set out a nominated time and date when the worker and, if requested, their Union or other representative, will discuss further action with their relevant Manager(s). If the worker's requests access paid leave entitlements such as personal, annual or long service leave, as part of the further action discussion, agreement to access to relevant leave entitlements will depend on the circumstances and will be managed in accordance with the [Insert Award or Agreement Name].

15.5 Confirmatory Test is Negative

The accredited testing laboratory will forward the results to the Human Resources Manager who will then advise the worker and their Supervisor that the confirmatory test result was negative.

If the worker has been stood down pending the outcome of the confirmatory test, the Human Resources Manager will contact them to arrange the workers return to work.

Any loss of pay or use of paid leave as a result of being stood down will be reimbursed and reinstated in full by Council.

16. Refusal or Tampering of Tests

16.1 Refusal

The Human Resources Manager or other senior Manager shall use the following procedure if a person refuses to take an initial drug or alcohol test:

- 1. The authorised collector will inform the worker who has refused the test that the refusal will have the same consequences as a non-negative result, i.e. that the worker will be deemed to be under the influence of drugs and/or alcohol.
- 2. The worker will be offered the test again. This would be the second request to be tested.
- 3. If the worker still refuses, the authorised collector will notify the relevant Manager and the Human Resources Manager of the refusal to take the test. After discussion between the Manager and the worker, the Manager will re-offer the test to the worker. The Manager should discuss the refusal and likely consequences with the worker, try to determine the reasons for refusal and then re-offer the test.

This will be the third and final offer to be tested.

- 4. If the worker still refuses, the refusal will be recorded as 'Refused Test'.
- 5. Arrangements will be made to transport the person to their home or a safe place.
- 6. The Manager will Inform the Group Manager of the situation and ensure all documentation is forwarded to the Human Resources Manager for recording and filing.
- 7. The worker concerned will not be permitted to return to work until a discussion is held with the relevant Manager and the Human Resources Manager and a negative test result is obtained.
- 8. Whilst this result is being achieved, workers may be stood down and be entitled to access their own personal leave entitlements if available and if not, other available accrued leave entitlements in accordance with the [Insert Award or Agreement Name].

16.2 Tampering

Any attempt to tamper with samples and introduce, or alter the concentration of alcohol or other drugs in their own, or another's saliva or breath may constitute serious misconduct and be dealt with according to Council's Disciplinary Procedure.

"Adulteration Sticks" may be used at the testing stage in the event that a sample appears suspicious at the discretion of the accredited laboratory securing the sample.

17. Procedure for Non-Negative Results

The relevant Manager, in consultation with the Human Resources Manager, is accountable for monitoring the frequency of targeted random testing for a worker who provides a non-negative confirmatory result and shall determine the appropriate action in accordance with the following on a case-by-case basis. Targeted random testing will only be required:

- for drugs where the non-negative confirmatory result was not in accordance with declared prescribed medication levels and
- for alcohol where a non-negative result above the relevant blood alcohol limit applicable to the worker has occurred.

At all times during the positive test result process, the worker is entitled to have a Union representative or other representative of their choosing present at all discussions and/or disciplinary meetings should they so choose.

The relevant Manager will afford the worker procedural fairness and discuss the non-negative result with the person. The relevant Manager will provide an opportunity for the worker to provide any information or comments that may be a mitigating factor when considering the confirmatory test result.

After consideration of this information the worker will be advised if they are required to participate in a targeted random testing process. The worker will be advised of counselling services available and, if necessary, or by the workers own request, be referred to an appropriate service.

Before a worker returns to work, they will be required to provide a negative test result. Whilst this result is being achieved, workers may be stood down and be entitled to access their own personal leave entitlements if available and if not, other available accrued leave entitlements.

Council may initiate disciplinary actions in accordance with the [Insert Award or Agreement Name] if the worker returns a second or third positive test within a two-year period.

Workers participating in voluntary self-testing have immunity from disciplinary action on the condition that they comply with the rehabilitation program and do not report for work and commence work in an unfit state after submitting for the initial voluntary test.

Any disciplinary action taken is to be in accordance with the provisions of the [Insert Award or Agreement Name] and inability to perform normal duties during any period as a result of this procedure may result in a review of the workers' pay rate during this period which could result in a reduction in pay.

18. Reportable Offences

It is an offence under the *Road Transport Act 2013* (NSW) to drive or attempt to drive a motor vehicle, truck or mobile equipment when under the influence of alcohol or other drugs in excess of legal limits.

19. Dealing with Aggressive or Abusive Behaviour

If a worker displays aggressive or violent behaviour when required to undertake an alcohol and/or other drug test, the Supervisor or Manager should remain calm and not argue with or mirror the worker's behaviour.

Emphasis should be placed on getting the worker to calm down and discussion kept away from personal issues. The worker should be asked to comply with the management direction and be informed that the worker will have the opportunity to dispute the decision through the normal grievance process utilised by Council.

If the worker refuses to modify their behaviour, the worker should be advised that the discussion is terminated and that they must leave the workplace immediately. The worker should be reminded that acts of aggression or violence in the workplace are in breach of the Code of Conduct and may result in dismissal.

In the case of actual or apprehended violent behaviour, the worker is to be advised that the police will be called. This option is to be used as a last resort.

20. Rehabilitation

The worker's Section or Group Manager and/or the Human Resources Manager may assist the individual worker in developing a rehabilitation plan to manage their fitness for work issue. The details of the plan should be agreed between the parties and may include the aim of the plan, the actions to be taken, the progress reporting procedure, the review date and the timeframe for return to work.

The parties may also include, at the workers request, their Union representative or a representative of their choice to assist in the development of this plan.

With the approval of Council, personal leave benefits, long service leave, annual leave (where accrued) or unpaid leave may be available to the worker undertaking alcohol and/or other drugs rehabilitation or counselling. Such approval shall not to be unreasonably withheld.

A rehabilitation plan template is included in this procedure at Appendix 5.

21. Review and Audit

The policy will be reviewed periodically by Council in consultation with interested parties including the Local Government unions (USU, DEPA, LGEA), the Work Health and Safety and Consultative Committees. It is understood that as new testing technology becomes available for alcohol and other drugs testing it should be considered in any review, provided it is based upon levels of drugs and alcohol which indicate impairment at work.

No alteration of this procedure is to occur prior to the conclusion of consultation and agreement being reached.

22. Other Council Policies and Procedures

Other staff related policies and procedures should be read in conjunction with this procedure where required.

23. Grievances/Disputes Relating to this Policy

Any dispute relating to the application of this procedure shall be settled in accordance with the Grievance and Dispute Settlement Procedure of the [Insert Relevant Award or Agreement].

24. Review of the Procedure

The industry parties had numerous discussions in the developmental phase of this Procedure in relation to 'reportable offences' and 'risk assessments' for specific high-risk duties. However, we were unable to reach agreement on these issues. The industry parties have undertaken to give further consideration to these issues, in the light of experience, when the Procedure is next reviewed.

APPENDIX 1

Fitness for Work Assessment

Observable Indicators of Impairment

Assessment of a person is to be made in accordance with this list of observable indicators in the context of changes to a person's behaviour. At least 2 responsible persons must participate in the assessment.

At least one (1) of the physical indicators must be satisfied and agreed between the responsible persons for reasonable suspicion to be established.

Emotional effects (the second part of the table) should not be used as indicators of reasonable suspicion but may be recorded as additional information.

Name of person	Name of	
being assessed:	Responsible	
	Persons:	
Name of attending		
representative (if	Date / Time:	
requested):		

Assessment Triggers

Behaviour / actions / observations reported prior to this assessment:

Physical Indicator	Observed
Strong smell of alcohol on breath	
Slurred, incoherent or disjointed speech (losing track)	
Unsteadiness on the feet	
Poor coordination / muscle control	
Drowsiness or sleeping on the job or during work breaks	
Inability to follow simple instructions	
Nausea / vomiting	
Reddened or bloodshot eyes	
Jaw clenching	
Sweating / hot and cold flushes	

Emotional Effect (Not a basis for reasonable suspicion)	
Loss of inhibitions	
Aggressive or argumentative behaviour	
Irrational	
Intense moods (sad, happy, angry)	
Quiet and reflective	
Talkative	
Increased confidence	
Appearance or behaviour is 'out of character'	

Observation Checklist – Physical Indicators

DDEATH	Consult of industry after a literature of large order		
BREATH	Smell of intoxicating liquor on breath:		
	Nil □ Slight □ Strong □		
SKIN	Sweating/hot and cold flushes		
E)/E0			
EYES	Reddened or bloodshot $\ \square$		
SPEECH	Normal Disjointed Slurred Confused Fast Slow		
BALANCE	Unsteady \square Swaying \square Slumping \square Falling \square		
MOVEMENTS	Poor coordination/muscle control		
AWARENESS	Drowsiness or sleeping on the job or during work breaks \square		
	Inability to follow simple instructions \square		
OTHER	Nausea/vomiting Jaw clenching		
PHYSICAL SIGNS			

Questions

Questions:	Response:	
Can you give any reason for your appearance and behaviour as noted above:		
Could you be under the influence of drugs and / or alcohol?		
Have you consumed drugs and / or alcohol since the commencement of the shift?		
Assessment Result		
No testing required (alternate action i	if applicable – note in comments	section)
Testing required – at least one (1) phy	sical indicator in evidence	
Both Responsible Persons agree:		Yes / No
Signature of Person being assessed:	Date:	/ /
Signatures of Responsible Persons:	Date:	/ /
	Date:	/ /
Signature of attending representative (if attended	d): Date:	/ /

APPENDIX 3

Alcohol and other Drugs Policy and Procedure – Flowcharts

AIM

The aim of the drug & alcohol policy and subsequent procedure is to assist the Council in addressing risks to health and safety in the workplace associated with the inappropriate use of alcohol and/or other drugs. This will also assist the Council in having a process to manage the misuse of alcohol and other drugs in the workplace through training, education and where required rehabilitation.

The integration of the drug & alcohol policy and subsequent procedure into Council's Safety Management System will assist with the continual improvement of workplace safety. It will assist with the management and promotion of fitness for work of staff (including contractors and volunteers) to be part of the Council's standard processes.

TESTING IN USE

The Council in cooperation with the relevant unions (USU, LGEA and DEPA) and LGNSW have adopted the use of oral swab testing (to be completed as per the requirements of AS4760) for drug testing as it will generally detect the presence of a substance that was consumed within a matter of hours as opposed to testing such as urine where a substance was consumed days or weeks ago. A positive result in this case may not have a bearing on whether the person is unfit for work.

Drugs to be tested via the oral swab testing will be:

- Cocaine
- Opiates
- Methamphetamine
- THC

For alcohol testing a standard breathalyser meeting the requirements of AS3547 will be used. The following cut off points for blood alcohol content (BAC) will apply:

0.02 or greater for heavy plant operators (>13.9 tonne) or truck drivers (>4.5 tonne) or mobile plant operators. This will apply only for personnel who are undertaking these specific duties at the time of any testing.

0.05 or greater for all other staff to be in accordance with relevant state legislation.

Where the person has a provisional licence (P plates) then the current BAC limits for P plates must be followed if they drive vehicles and/or trucks.

COMMON DEFINITIONS

- Confirmatory test: means a second analytical test performed to identify the presence of specific alcohol and/other drugs. The confirmatory test is a retest of a second sample from an original collection if the initial test result is disputed
- Negative result: a result other than a positive
- Unconfirmed results: is where a potential result for drugs has been obtained on the initial oral swab and the collection is sent to a certified laboratory for further confirmation
- Over the counter medication: this non-prescription type of medication that if consumed before a test is undertaken may influence the result shown
- Non-Negative: an initial positive test as yet unconfirmed by confirmatory testing by an accredited tester.
- Positive: where the initial test result has been confirmed by further testing that the person is under the influence of alcohol and/or drugs above a prescribed limit as per current legislation and/or Australian standards
- Prescription medication: medication that is prescribed by a doctor
- Random testing list: persons will be added to this list who have either failed (tested non-negative) a test or refused unreasonably a request for a drug and/or an alcohol test. Individuals placed onto the limited random list can be targeted tested at any time, in addition to the standard random testing undertaken by the council.
- Responsible person: A responsible person is a person who is appointed and trained in the identification of signs of impairment. The responsible person is able to make an assessment of reasonable suspicion impairment utilising the objective indicators

TYPES OF TESTING

There are four types of testing that may be undertaken, these are:

- Voluntary Testing Workers can elect to submit to voluntary testing and seek assistance from Council to rehabilitate if they believe they have a substance abuse problem.
- Random Workers will be selected using a random number generation system.
- Post Reportable Incident certain criteria of incidents have been selected where testing will be completed, for example certain treatments by a doctor, where a vehicle has sustained damage, skylarking etc. Further information is available in the procedure and Drug Testing Flowchart 002 (Post Incident). Contractors and volunteers can also be tested for Post Incidents.
- Reasonable Suspicion this is where a report has been received that a worker is exhibiting strange or unusual behaviour and there is suspicion that they may be under the influence of alcohol and/or drugs. Two Responsible persons will be involved in the determination on whether a test for alcohol and/or drugs is required. Further information is available in the procedure and Drug Testing Flowchart 003 (Reasonable Suspicion).
- Targeted Random (for workers who have given a confirmed positive result for alcohol and other drugs).

Testing will be undertaken by external providers who meet the current requirements contained within AS4760 and AS3547.

MEDICATION

Any worker required to undertake drug testing can choose to declare any medication taken immediately prior to the test being conducted or can declare following the initial test if an initial non-negative result is obtained. Such information is to be kept confidential and only to be used in determining if such medication has contributed to or caused a false positive.

- If the drug test result is an unconfirmed result consistent with the medication disclosed then after consultation with the relevant Manager, the external provider and the person concerned, they will be returned to appropriate duties. The sample will still be sent for a confirmatory test as per the usual process. If this test shows that the result is not consistent with the medication declared, then the appropriate disciplinary action may be undertaken.
- If the drug test result is an unconfirmed result that is inconsistent with the medication disclosed then the person will be assessed as unfit for work and arrangements made to transport home or to a safe place

Further information is available in the procedure and Drug Testing Flowchart 009 (Medication).

REFUSAL TO UNDERGO A TEST

Any person who refuses to undergo testing will be given the opportunity to explain their reasons, these will be discussed with the relevant manager, Human Resources and the external provider. There will be a process implemented where if the person refuses to undergo a reasonable request test three (3) times in succession, this will be recorded as a *Refused test* and the person will be treated as if they have provided a test result of an unconfirmed result. For further information refer to the procedure and Drug Testing Flowchart 004 (*Refusal*).

TAMPERING

Any person found to be tampering or have tampered with a test in will be dealt with as per the current disciplinary procedures that the Council has in place.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

EAP will be available under current guidelines for employees to seek support and assistance in regard to alcohol and/or drug use.

DISCIPLINARY MEASURES

Persons who have provided a result that is an unconfirmed result (including refusing to undergo a test) will in most instances be suspended for an initial 24 hours and will have to provide a negative result before they can return to work. If the subsequent result from the confirmatory test is a positive, then the person may face further disciplinary action as determined by the relevant manager and HR. The person will also be placed onto the limited random testing list.

The person who has been suspended will be able to access leave entitlements that they are entitled to as per the current award or contract.

Continual positive results and/or refusal to undergo tests will result in further disciplinary action being considered and undertaken.

Any person who has been suspended an initial test result of a non-negative that now is deemed a negative after the confirmatory test has been completed will have all time lost reimbursed with no penalty.

Further information is available in the procedure and Drug Testing Flowchart 008 (Disciplinary Action).

REHABILITATION

Workers who have declared that they have a problem with the use of drugs (illegal and legal) and/or alcohol will be provided assistance by the Council as per the current EAP arrangements or as determined appropriate by their manager. This will involve the development of a confidential Drug & Alcohol Rehabilitation plan that will outline general treatment steps, assistance to be sourced, personnel to be involved etc. The plan will be used to assist the person to be able to present themselves at work in a state there is no impairment to them working safely.

Persons who have been found to have a positive result from a drug and/or alcohol test and who have not declared that they may have consumed a drug and/or alcohol or who have presented themselves to work in a state that is not safe to do so, will also have a confidential Drug & Alcohol Rehabilitation plan implemented.

Further information is available in the procedure and Drug Testing Flowchart 006 (Declaration)

If you have any questions or concerns, please discuss with your manager, Human Resources and/or union representative.

GENERAL DRUG TESTING FLOWCHART 001

REFER TO FLOW CHART 002 FOR FURTHER INFORMATION

A AN UNCONFIRMED TEST IS AN INITIAL RESULT FROM AN ORAL SWAB TEST THAT IS NOT A NEGATIVE RESULT AND NEEDS FURTHER TESTING AT A CERTIFIED LABORATORY TO BE CONFIRMED AS EITHER A POSITIVE OR A NEGATIVE RESULT BY THE COMPLETION OF A CONFIRMATORYTEST

CONFIDENTIALITY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

^{*} REFER TO FLOW CHART 003 FOR FURTHER INFORMATION

POST INCIDENT TESTING FLOWCHART 002

CONFIDENTIALITY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

REASONABLE SUSPICION FLOWCHART 003

A REPRESENTATIVE FROM THE HUMAN RESOURCES SECTION IS TO BE CONTACTED, IF NOT ALREADY NOTIFIED, TO ASSIST IN THIS PROCESS AND BE THE SECOND RESPONSIBLE PERSON

CONFIDENTIALLY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

REFUSAL TO UNDERGO A DRUG OR ALCOHOL TEST FLOWCHART 004

- THE REFUSAL IS TO BE RECORDED AS A "REFUSED TEST"
- ARRANGEMENTS MADE TO TRANSPORT THE PERSON OFF SITE OR IF REQUIRED TO THEIR HOME OR SAFE PLACE. #
- INFORM THE GROUP MANAGER OF THE SITUATION AND ENSURE ALL DOCUMENTATION IS FORWARDED TO HUMAN RESOURCES FOR RECORDING. #
- THE PERSON CONCERNED WILL NOT BE PERMITTED TO RETURN TO WORK UNTIL A DISCUSSION IS HELD WITH THE RELEVANT MANAGER AND HUMAN RESOURCES MANAGER AND A NEGATIVE RESULT IS OBTAINED. #
- WITH THE APPROVAL OF THE EMPLOYEES RELEVANT MANAGER, LONG SERVICE LEAVE, ANNUAL LEAVE (WHERE ACCRUED) OR UNPAID LEAVE MAY BE AVAILABLE TO THE EMPLOYEE TO APPLY FOR, IN ACCORDANCE WITH THE PORT STEPHENS COUNCIL ENTERPRISE AGREEMENT. #
- THE PERSON IS REQUIRED TO SUBMIT A NEGATIVE RESULT BEFORE THEY RETURN TO WORK.

FOR CONTRACTORS THEIR EMPLOYER IS TO BE CONTACTED TO ASSIST IN THIS PROCESS

CONFIDENTIALITY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

ALCOHOL TESTING FLOWCHART 005

0.02 OR GREATER BLOOD ALCOHOL CONTENT (BAC) FOR HEAVY PLANT OPERATORS (>13.9 TONNE) OR TRUCK DRIVERS
(>4.5 TONNE) OR MOBILE PLANT OPERATORS - THIS WILL APPLY ONLY FOR PERSONNEL WHO ARE UNDERTAKING THESE SPECIFIC DUTIES AT THE TIME OF ANY TESTING.

0.05 OR GREATER BLOOD ALCOHOL CONTENT (BAC) FOR ALL OTHER STAFF TO BE IN ACCORDANCE WITH RELEVANT STATE I FOISI ATION

WHERE THE PERSON HAS A PROVISIONAL LICENCE (P PLATES) THEN THE CURRENT BAC LIMITS FOR P PLATES MUST BE FOLLOWED IF THEY ARE DRIVE VEHICLES/TRUCKS.

CONFIDENTIALITY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

DECLARATION - SELF DISCLOSURE FLOWCHART 006

IMMUNITY FOR DISCLOSURE FROM DISCIPLINARY ACTION WILL BE PROVIDED TO THE STAFF MEMBER ON THE CONDITION THAT THEY COMPLY WITH THE REHABILITATION PLAN AND DO NOT REPORT FOR WORK AND COMMENCE IN A UNFIT STATE IN FUTURE.

THE REHABILITATION PLAN TO BE DEVELOPED TO ASSIST THE PERSON IN MANAGING THEIR FITNESS FOR WORK. THIS PLAN WILL INCLUDE:

- AIM OF THE PLAN
- ACTIONS TO BE TAKEN
- PROGRESS REPORTING PROCEDURE
- REVIEW DATE
- TIMEFRAME FOR RETURN TO WORK
- EAP REFERRAL

PART OF THE AIM OF THE REHABILITATION PROGRAM IS CONTINUOUSLY IMPROVED TEST RESULTS REDUCING THE POSITIVE TEST LEVELS OVER AN AGREED PREDETERMINED TIMEFRAME. VOLUNTARY TESTING RETURNING POSITIVE TEST RESULTS WILL BE MANAGED ON A CASE BY CASE BASIS.

COUNCIL MAY EXPLORE OPPORTUNITIES AVAILABLE FOR SUITABLE DUTIES FOR THE PERSON DURING THEIR REHABILITATION PROGRAM. THIS WILL BE IN AGREEMENT WITH THE PERSON AND THEIR UNION IF THEY ARE A MEMBER.

WITH THE APPROVAL OF THEIR MANAGER, THE PERSON ON THE REHABILITATION PLAN WILL BE ABLE TO ACCESS LEAVE WHERE ACCRUED OR UNPAID LEAVE AS APPROVED BY THE GENERAL MANAGER.

PERSONS INVOLVED IN A REHABILITATION PLAN WILL NOT BE PLACED UPON THE LIMITED RANDOM TESTING LIST* UNLESS THEY ARE IDENTIFIED IN A REPORTABLE INCIDENT DEEMED AS A POST INCIDENT OR HAVE CEASED REHABILITATION AND COUNSELLING BEFORE THEY HAVE COMPLETED THE PROGRAM.

CONFIDENTIALITY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED, INFORMATION WILL ONLY BE DISCLOSED WHERE NECESSARY IN THE MANAGEMENT AND SUPPORT OF THE REHABILITATION PROCESS. THE EMPLOYEE WILL BE NOTIFIED OF THIS DISCLOSURE BEFORE IT OCCURS.

THE INITIAL PERIOD FOR LISTING IS SIX (6) MONTHS. AT THE COMPLETION OF THIS SIX (6) MONTHS, IF THERE ARE NO FURTHER POSITIVES OR UNREASONABLE REFUSUALS, THE PERSON WILL BE REMOVED FROM THE LIMITED RANDOM LIST. WHILE ON THE LIST ANY FURTHER POSITIVE RESULTS OR UNREASONABLE REFUSAL WILL RESULT AN EXTENSION OF TWO (2) YEARS OF THE PERSON BEING ON THE LIST. THIS WILL DATE FROM THE MOST RECENT FAILED TEST OR UNREASONABLE REFUSAL TO COMPLY WITH TESTING. AT THE COMPLETION OF THIS TWO (2) YEAR PERIOD, IF THERE ARE NO FURTHER POSITIVES OR UNREASONABLE REFUSALS, THE PERSON WILL BE REMOVED FROM THE LIMITED RANDOM LIST.

^{*} THE LIMITED RANDOM LIST WILL BE LIMITED TO THOSE INDIVIDUALS WHO HAVE EITHER FAILED A DRUG AND/OR ALCOHOL TEST OR WHO REFUSED UNREASONABLY A TEST THAT HAS BEEN REQUESTED. INDIVIDUALS PLACED ONTO THE LIMITED RANDOM LIST CAN BE TARGETED TESTED AT ANY TIME, IN ADDITION TO THE STANDARD RANDOM TESTING UNDERTAKEN BY THE COUNCIL.

RANDOM TESTING FLOWCHART 007

*THE EXTERNAL PROVIDER WILL USE STAFF EMPLOYEE NUMBERS TO RANDOMLY SELECT A PREDETERMINED NUMBER OF STAFF FOR RANDOM TESTING. THIS SELECTION WILL ALSO INCLUDE AN ADDITIONAL NUMBER OF STAFF AS A BACKUP IN CASE STAFF SELECTED ARE NOT AVAILABLE. AT NO STAGE WILL STAFF NAMES BE KNOWN BY THE EXTERNAL PROVIDER WHILE THEY ARE SELECTING RANDOM ENTRIES. STAFF NAMES WILL ONLY BE KNOWN TO THE EXTERNAL PROVIDER AT THE TIME OF THE RANDOM TEST.

CONFIDENTIALLY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

DISCIPLINARY ACTION FLOWCHART 008

^{*} FOR ALCOHOL TESTING AND SUBSEQUENT DISCIPLINARY PROCESS PLEASE REFER TO ALCOHOL TESTING FLOWCHART 005
AN UNCONFIRMED TEST IS AN INITIAL RESULT FROM AN ORAL SWAB TEST THAT IS NOT A NEGATIVE RESULT AND NEEDS FURTHER
TESTING AT A CERTIFIED LABORATORY TO BE CONFIRMED AS EITHER A POSITIVE OR A NEGATIVE RESULT BY THE COMPLETION OF A
CONFIRMATORYTEST

CONFIDENTIALITY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

PERSONS ON MEDICATION WITH UNCONFIRMED RESULT FLOWCHART 009

THE FOLLOWING STEPS APPLY WHERE A PERSON IS ON MEDICATION, EITHER PRESCRIBED (that is by a doctor) OR OVER THE COUNTER (that is bought without a prescription and generally to treat a minor ailment e.g. cold & flu tablets, panadiene forte etc.) THAT POTENTIALLY PRODUCES A UNCONFIRMED RESULT FROM A DRUG TEST

CONFIDENTIALITY WILL BE MAINTAINED AT ALL TIMES BY THE PARTIES INVOLVED

APPENDIX 4 Dear Doctor/Pharmacist Card

This should be printed on the back of Council's normal business card template and distributed to all
staff for them to carry with them so they can discuss drug effects with their Doctor or Pharmacist.

Dear Doctor/Pharmacist

The holder of this card may be subject to a drug screen as part of their employer's Fitness for Duty program. Can you please advise the holder if their medication(s) contain any of the following drug groups:

- Opiates (including codeine)
- Amphetamines (including pseudoephedrine)
- Benzodiazepines

APPENDIX 5

Drug & Alcohol Rehabilitation Plan - Confidential

he following Rehabilitation Plan has been developed	d for:
Employee:	Phone:
Goal: to present to work and during work to be in a would prevent them from being able to undertake the and to current legislation.	•
Current rehabilitation issues: can be what has been that they have with their addiction etc	tested positive for, concerns or issues
Steps that have been agreed: for example, to take ti addiction, factors affecting their addiction, make appearance further counselling/intervention from organisations the addiction counselling such as alcoholic anonymous, commenced, review and completion	opointments with EAP provider, seek at may provide more specific
Agreed costs: what the council has agreed to fund, normal EAP sessions, type of leave to be accessed e	
Persons involved: who are the personnel involved with have access to information contained, who can autadditional persons etc	•

Comments:			
The following parties have agreed to the above Rehabilitation Plants and Plan	an:
